Please click anywhere on this page at least five times. The number of times you click will be recorded automatically, even if you do not see any change on this page. This is an attention check. Failing this attention check will result in rejecting your hit. Thank you.

Attention check not passed.

If you see this note, it means that you failed the attention check presented on the previous page, which read:

"Please click anywhere on this page at least five times. The number of times you click will be recorded automatically, even

if you do not see any change on this page. This is an attention check. Failing this attention check will result in rejecting your hit. Thank you."

**If you submit this HIT, the HIT will be rejected.**

Intro

Thank you for deciding to participate in this survey! Please read the questions on the screen carefully, and answer them honestly. There are no right or wrong answers, we are simply interested in your opinion. We thank you in advance for your honest and thoughtful responses.

In this study, we would like to gauge people's willingness to use a consumer health app. As consumer health apps continue to increase in popularity, so do **experts' concerns over user privacy**. A recent study that analyzed more than 20,000 medical, health, and fitness apps suggests that **these apps have problems related to privacy and data collection.**

Next, we present you with some information taken from an app store about a consumer health app called The Health App, which was developed by LifeLabs.

The Health App

About this app

Start healthy habits for yourself with The Health App. This app has various features to help you manage your health. This app allows you to record many activities and provides health assessments and recommendations.

To make its recommendations, this app collects personal information about you. **To use the app, you must grant permission to the app to collect and share with third parties data about you.**

Control

Data Privacy Information

No information about how this app uses your personal information has been made available by LifeLabs.

Data Privacy Information

No information about how this app uses your personal information has been made available by LifeLabs.

How likely would you be to use this app?

Very Unlikely ○ ○ ○ ○ ○ Very Likely

How well do you understand how this app uses your personal information?

Do not
understand
at all ○ ○ ○ ○ ○ Understand
Completely
