**Screening**

Thank you for deciding to participate in this survey!

Please read the questions on the screen carefully, and answer them honestly.

There are no right or wrong answers, we are simply interested in your opinion.

We thank you in advance for your honest and thoughtful responses.

**These page timer metrics will not be displayed to the recipient.**

First Click: *0 seconds*

Last Click: *0 seconds*

Page Submit: *0 seconds*

Click Count: *0 clicks*

Please click at least five times (more is fine too) anywhere on this text before moving on to the next page. The number of clicks will be registered automatically even if you do not see any change on this page. This is an attention check. Failing this attention check will result in rejecting your HIT. Thank you.

# Attention check not passed.

If you see this note, it means that you did not pass the attention check presented on the previous page: "Please click at least five times (more is fine too) anywhere on this text before moving on to the next page. The number of clicks will be registered automatically even if you do not see any change on this page. This is an attention check. Failing this attention check will result in rejecting your HIT. Thank you."

**Control**

Imagine that you are applying for a job in an industry where women are underrepresented.

The first step of the recruiting process consists in a screening of the candidates, to see if they are qualified for the job. You know you are qualified for the job.

When you submit your application, you are asked to choose whether you want your application to be screened by a recruiter or by a computerized algorithm.

In this situation, which one would you want to screen your application?

The recruiter
○

The algorithm
○

## Discrimination

Imagine that you are applying for a job in an industry where women are underrepresented.

The first step of the recruiting process consists in a screening of the candidates, to see if they are qualified for the job. You know you are qualified for the job. However, you are concerned about the possibility of being discriminated against, because of your gender.

When you submit your application, you are asked to choose whether you want your application to be screened by a recruiter or by a computerized algorithm.

In this situation, which one would you want to screen your application?

The algorithm
○

The recruiter
○

## Manipulation_Check

When making your decision, to what extent were you concerned about the possibility of being discriminated because of your gender?

Not at all
○         ○         ○         ○         ○         ○

Very much
○

## Demos

## What is your gender?

○ Male

○ Female

○ Prefer not to say

**What is your age?**
